Subject: Approval of Tom Taylor Amendment Proposal, Ziegler Chemical and Mineral, Tom Taylor Mine, S/047/065, Uintah County, Utah

Dear Mr. Wagner:

On April 13, 2004, the Division of Oil, Gas and Mining received your proposal to add a derrick, a propane tank and a hoist house at the Tom Taylor Mine. We have reviewed the proposal and found it adequate for inclusion in your Tom Taylor Notice of Intention to Commence Large Mining Operations. The proposal would add about one acre of disturbance to your mine site bringing the total to about 3.5 acres.

The Division hereby approves your proposal conditioned upon approval from any other regulatory agencies, notably the Bureau of Land Management.

Thank you for your cooperation in filing this amendment. If you have any questions about this letter or approval, please call me at 801-538-5261.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
